Rubicor Group Limited (ASX: RUB), one of the leading recruitment services companies in Australia and New Zealand, today announced it has partnered with US-based TAC Worldwide, a leading provider of technical staffing and workforce management solutions.

Under terms of the partnership that takes effect from July 2007, Rubicor will become an authorised supplier of recruitment and staffing services to multi-national clients of TAC operating in Australia and New Zealand. TAC will become an authorised supplier to Rubicor clients requiring recruitment support in areas of the world where Rubicor does not have a business presence.

Wayman Chapman, Chief Executive Officer of Rubicor, said the new partnership was an important development for Rubicor.

“We are delighted to partner with a high quality global organisation like TAC Worldwide. TAC has chosen to work with Rubicor to support the needs of their multi-national clients, which speaks volumes to their trust in the quality of our service and industry expertise. Their approach is innovative and we see the opportunity to offer an expanded reach to our clients who may have needs in North America and Europe as a benefit as well,” he said.

David A. Rosi, Senior Vice President, Market & Client Service Development of TAC Worldwide said he was pleased to be able to partner with Rubicor.

“The benefits and synergies of this new relationship are many. As we continue to extend our services in support of multi-national clients, it is important that we meet the requirements for quality talent in their strategic locations. This partnership allows support for our North American and European multi-national clients across Australia and New Zealand as well as providing Rubicor better access for support of their clients who may have operations in other areas of the world,” he said.
