Why hire talent in the Philippines?

The Philippines is one of the top outsourcing and offshoring destinations. Approximately 90% of the population can speak the English language very well.

Also, talents from developing countries such as the Philippines tend to have significantly lower labor rates compared to those from the United States or Western Europe.

Quick Facts

As of 2019, more than 60% of the 73.5 million population were in the labor force, with a labor force participation rate (LFPR) of 61.5% according to Philippine Statistics Authority. That means that there are 6 out of 10 Filipinos who can work for your company. The median age of the population is 23 years old.

Hiring talent in the Philippines allows you to save at least 70% on business costs and expenses. The money saved can be invested back into your business.
