Questions to Ask to

Gauge Company Culture

How would you describe the types of relationships the team has?

Are boundaries kept between professional and personal life or is the line fluid? This is a good way to grasp how well the team works together in harmony.

How would you describe the way job roles are defined here?

This will help you see if the company culture either **a)** is deeply rooted in structure and following set rules, or **b)** values creativity and innovative thinking.

How would you describe the balance between creativity and consistency in the team?

This will help you see if the company culture is deeply rooted structure and following set rules, or values creativity and innovative thinking.
